

Mr. Gary Marbut

permit a firearms purchase for persons holding driver's licenses indicating only a post office box or rural route number. ATF is considering, for example, permitting a purchaser to indicate the actual physical location of his or her residence, including county or similar political subdivision. Such description might include providing a metes and bounds description such as that appearing on a property deed, or directions from the nearest U.S. Post Office or other well-known landmark. We anticipate issuing guidance on this matter in the near future.

We hope that this proves helpful. Please do not hesitate to contact us if you need further assistance.

Sincerely yours,

A handwritten signature in black ink, appearing to read "W. Larry Ford". The signature is stylized with a large, sweeping initial "W" and "F".
